

# SL3500D

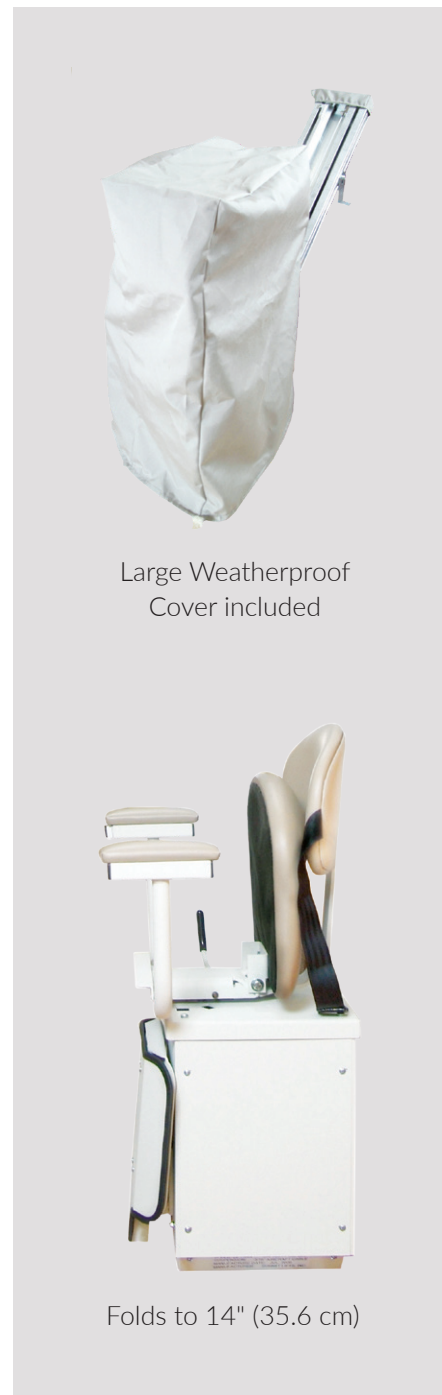

Comfort and Convenience

The SL3500D Outdoor Stair Lift is engineered with a durable extruded aluminum track and marine-grade vinyl seating to handle rain, wind, snow, and temperatures from 0°F to 125°F. Includes header, internal chassis, and large weatherproof cover for protection of outside elements.

## FEATURES & BENEFITS

- Header cover, internal chassis cover and a large weatherproof cover included
- Rocker controls with constant-pressure functionality stop the lift immediately if the control is released
- Mounts to the stairs (not the wall) on either side of staircase
- Operates on standard 115V AC household current
- Extruded aluminum track is available in custom length
- Seat and footrest fold to save space
- Separate controls at top and bottom of stairs

Large Weatherproof  
Cover included

Folds to 14" (35.6 cm)

# COMFORT AND CONVENIENCE

SL3500D

*My wife had trouble walking up to our front door from the street. Having the SL3500D allows us to enjoy our forever home for years to come by giving her access to the home year around.*
